

An insight into what's new in our 25th Year

Things have been changing a lot here at Helens Bay Dental. Read below to find out more

You may have noticed a few new faces around Helens Bay Dental

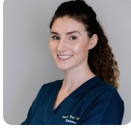

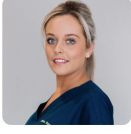

New Welcoming Team Members

Kelsey and Katie joined us when we finished renovations. Both girls come with a wealth of customer care experience. They will be looking after patient needs no matter how big or small at the front of house and on the phone. In the near future, both girls will be stepping into surgery to take on a new role as trainee nurses!

New Nursing Staff

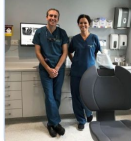

Zara and Shannon joined the team after the renovations finished also. Within the practice, both assist with the running of our new digital suit and enjoy helping patients within surgery and also the digital aspects of the job role.

Completed surgery renovations

We have found the benefits of having an extra surgery to be :

- New dental chairs to maximise patient comfort
- All digital scanning using the latest technology allowing patients to escape from messy impression material
- A smooth single visit all- digital in house crown service, avoiding the delay between impressions and crown fit
- We will have the facilities to further integrate digital techniques into our implant planning
- We can expand the availability of a private consultation room where you can discuss treatment and finance in a non clinical environment
- New facilities that allow us to offer to all our patients the latest digital techniques and Digital Smile Design

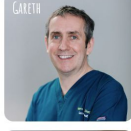

New Reception Area

We have a new bespoke desk, designed especially for Helens Bay Dental. Our reception area is a place for relaxing before your appointment. You can have a read at our up to date magazines, a chat with our welcome team at the desk or a tea and coffee. Next time you are in why not request your favourite artist to listen to and we can play your choice throughout your visit with us, even in surgery!

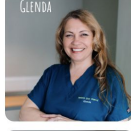

We are always welcoming new patients, book a consultation with our treatment co-ordinator and dentist. We offer consultations for all treatments that we carry out here at Helens Bay Dental.

5 Star Patient Review

"Having been petrified of attending the dentist for many years, I eventually researched and booked a consultation with Helens Bay Dental Practice. From the initial meeting with Glenda and Gareth, I knew I had made the right decision. I have just today had implants fitted and I am simply over the moon. My family can not believe them and think they look so natural. Lidia and Gareth worked a miracle and I can now smile again with confidence. This will change my life."

Our neighbour Deborah from Deborah Harper Make up & Beauty recently completed the first step of her 3 step challenge. She took part in the Belfast Marathon on the 6th of May. She is then also taking part in 7 summits in June and then onto the 100k ultra in July.

All donations are going to the proceeds of Marie Curie and Cancer Focus NI!! Use the link below to donate to such a fantastic cause!
